

Bellwork 12/14

Compute the area under $f(x) = \frac{1}{x} + 1$ on $[1, 7]$ using a right Riemann sum with $\Delta x = 2$.

reset

Exercise 1

x	-1	2	3	6
f(x)	4	8	9	7

Using 3 sub-intervals, estimate $\int_{-1}^6 f(x)dx$ with a:

- 1 Left Riemann sum
- 2 Right Riemann sum
- 3 Trapezoid sum
